

IGNITE GOOD! Service Project

TP POWER TOWER

Did you know that the tallest toilet paper tower stacked in 30 seconds is 28 rolls high?

Did you also know that homeless shelters need toilet paper donations to distribute to people in need?

Your challenge, should you choose to accept, it is to collect as much toilet paper as you can to create the tallest tower!

How can you ask people to donate to a collection drive?

Example: Make a video

Instructions

Practice writing your request below.

On the back of this page draw a draft poster (sloppy copy).

Redraw your sloppy copy on a clean piece of paper to make a neat sheet (final version).

Hang your poster up and encourage people to donate.

Collect toilet paper rolls.

Using the rolls collected, construct your ultimate toilet paper tower.

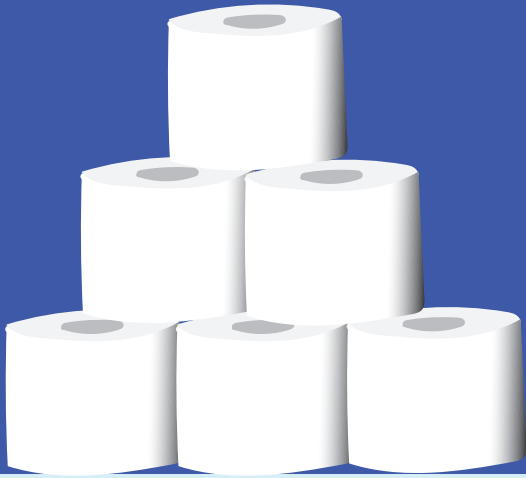

Take a picture to share with friends and challenge others to collecting toilet paper too.

Donate your collection of toilet paper rolls to your local homeless shelter.

MATERIALS

- Paper
- Pencil
- Crayons/Markers

Please donate toilet paper to...

DID YOU KNOW?

Graphic designers use their artistic talents to get people to pay attention to a sign or poster.
