

IGNITE GOOD! Service Project

JOKE STAND FUNDRAISER

Laughter can relax your muscles, bring more air into your lungs, and reduce stress, which helps your body fight diseases, and. Real-Life Superhero Callaghan McLaughlin wanted to help people by telling jokes to lift up his neighbors' spirits.

You too can try out his Talent and Ignite Good! for the Health Badge by hosting a Joke Stand and asking for donations to support a health-related charity or fund.

Research and decide where the money you raise should go. Find one of each type then circle the one of your choice
