

VETERANS BADGE

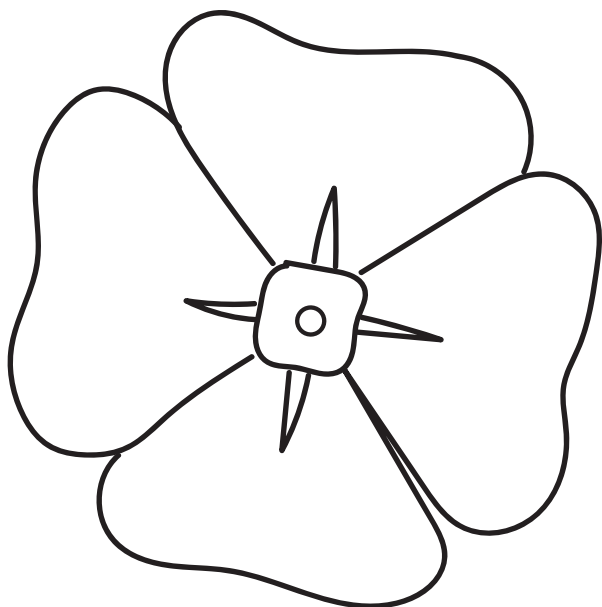

Veterans are people who once served in the Armed Forces (Army, Navy, Marines, Air Force, Coast Guard). Together with active duty members of the armed forces, they have protected us and our country. They have sacrificed for us and may have physical or mental injuries. Honor them by thanking them for their service.

Fun Facts about Veterans!

- Veterans Day commemorates people who served in the military. Memorial Day commemorates those who died in war.
- Members of the military also help with disaster relief efforts. 70,000 troops supported the aftermath of Hurricane Katrina in 2005.
- 1.6 million veterans are under age 35.

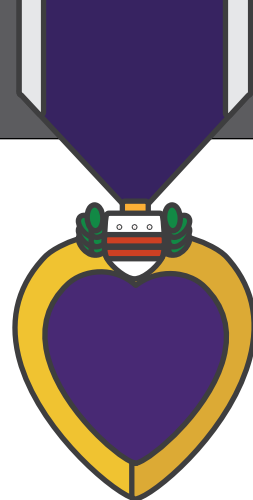

Color these two symbols of veterans.

The **red** poppy is the symbol of the remembrance of veterans, particularly those from World War I.

The **yellow** ribbon shows support for the troops currently serving, and those who have served.

Show your support for members of the military, past and present.
